

TOUCH THE RING (1)

Song/verse

Touch the ring
Touch the ring
Touch who you want
Touch your girlfriend/boyfriend if you want-want-want
And the one you touch
You hit so hard so hard so hard.....

The children stand in a circle holding hands.
A boy or a girl walks/runs outside the ring.
Suddenly he or she touch the back of one of the persons in the ring, and continues to run around.
The person who gets touched runs in the opposite direction.
These two persons are now competing to reach the free space in the ring.
Whoever loses the race, must walk/run around the ring next time.
The song/verse is repeated as long as the participants like.
