SECOND TERM PROJECT

3rd GRADE: PROJECT SPECIFICATIONS

DESCRIPTION & PROCEDURE

The students will carry out an end-of-term project using audiovisual support. First, they will have to select a scene/ several scenes from a famous film. The students will adapt the original dialogues to their own interests, including the grammar points that have been mastered all along the academic year. The scene is to be recorded with a camcorder/ cell phone/ digital camera or any other audiovisual tool. The recorded images will be edited and must include simple credits.

PROJECT SPECIFICATIONS

- Both indoor and outdoor scenes will be included.
- The share of dialogue time will be equally divided among all the members of the cast.
- Use of props (costume, etc...) will be considered to be positive.
- Questions regarding the execution of the project might be asked.

ASSESSMENT

The following items will be taken into consideration:

- Each student plays an equally important part as the other members of the group.
- Correct grammar / syntax are used in the dialogues.
- Correct pronunciation / intonation are used in the dialogues.
- The overall amount of time corresponds to 3-4 minutes per member of the group.

Should students not hand in the project within the established deadline, they will receive negative evaluation in the global qualification of the term. The final mark of the project accounts for 15% of the final qualification in the second term, being any mark under 3 not applicable to the average qualification.
